Description:

Cat Pumps Direct-Drive Bell Housings provide a compact direct mounting feature resulting in reduced space requirements compared to belt or gearbox assemblies. Bell Housings also eliminate the need for belt selection, sizing and adjustment. For a complete drive package, combine with Cat Pumps Flexible Couplings designed for extended life in high temp and high RPM conditions. Model 76215.5CP Bell Housing adapts to Cat Pumps 5CP series plunger pumps and mounts directly to 213/215TC motors. Refer to the data sheet for proper selection and more detailed information.

Accessory to be used with these Pumps:
